N Seetharamaiah
Commissioner
for the City of Bangalore

Copy of letter No 506/52-53 dated 4th October 1952 from the Commissioner, Corporation of the City of Bangalore to the Secretary to Government, L,S G Department, Bangalore.

Subject Bye-laws framed under the City of Bangalore Municipal Corporation Act, 1949

Reference Paras 47, 49, 50, 51, 54 and 63 of these Notes.

As desired by Government the various bye-laws have been examined in separate files and the suggestions made in paras 10 and 36 of these notes have been carried out in the concerned draft bye-laws by taking necessary extracts of the relevant portion of the notes containing the suggestions and remarks on the various draft bye-laws.

Certain general remarks have been made in respect of the license fees which have been included in the draft bye-laws With reference to those remarks, the portion relating to the levy of license fees have omitted and a separate schedule showing the rates of license fees for the various matters mentioned in the Act will be issued in due course in a compendious manner

Each draft is forwarded to the Government separately and copies of the bye-laws of the Madras Corporation on which the draft bye-laws are based have been enclosed along with the concerned draft bye-laws Two volumes containing the bye-laws of the existing Bangalore City Municipality and the Civil Station Municipal Commission are sent herewith for reference as se parate copies of the bye-laws are not available The Government may be pleased to approve the byelaws and return them Arrangements will be then be made to print them in English and Kannada in a book form incorporating the sanction of the Government in each case Six copies of such printed copies will be sent to Government.

MIR SARDAR HUSSAIN
Commissioner

clause (34) of Section 367 read with Section 3

By Laws framed by the City of Bangalore Municipal Corporation under ~~Section 367 (34) of~~ the City of Bangalore Municipal Corporation Act 1949 (Act No LXIX of 1949) for regulating the laying of private drains and connecting them with the City of Bangalore Municipal drains

Latrines Privies and Drains

1 The provisions of these bye laws shall apply to latrines or places or drains belonging or malonged to the use of any house building or enclosure which is assessed in the Municipal books at an annual valuation of Rs 10 and more

2 Every privy or other than a water closet or bath-room constructed within any house building or enclosure and habitually used for the purpose of nature or for keeping human excreta shall be considered to be a latrine within the meaning of this bye law

3 Every latrine shall be in conformity with the Municipal standard design or of such other pattern and size as may be approved by the Commissioner

4 Every latrine shall be placed in such a position as to permit easy access for the purpose of cleaning

Provided that any existing latrine which in the opinion of the Commissioner has been erected on sanitary lines or is capable of being made sanitary at a reasonable cost shall not be required to be reconstructed in accordance with the standard design

5 The floor of every latrine shall be made of cement or of stone slabs pointed with cement laid on a bed of concrete three inches thick and shall be so sloped drained and constructed as to carry away the fluid with facility into the drain without its lodging or getting absorbed on its surface or soaked into the floor ground plinth or walls of the latrine

6 Every latrine shall be provided with a seat or platform so made as to compel the excreta to fall entirely into a suitable pan or receptacle of sufficient capacity placed beneath it

7 Every latrine shall be provided with a pan or receptacle made of iron or of such other material as may be approved of by the Commissioner and such receptacle shall not be cracked broken perforated rotten or pervious to fluid

8 In the case of servants latrines the floor shall not be lower than one foot and six inches above the ground level

9 In servants latrines attached to dwelling houses a separate receptacle shall be kept for the deposit of the excreta from bath-rooms The receptacle shall be of a sufficient capacity and made of such design and material as may be approved by the Commissioner and it shall be provided with a properly fitting cover

10 Occupiers shall be responsible that all movable receptacles for latrines are tarred kept in good order and renewed when required

11 The walls of every latrine shall be plastered on the inside with cement or otherwise rendered impervious to fluid to a height of two feet from the floor

12 Every latrine shall be provided with a separate entrance if required by the Commissioner for the entry of scavengers for the purposes of conservancy

13 Every latrine shall be provided with a U shaped cemented drain sufficiently large well laid and watertight to prevent its contents from overflowing or stagnating or soaking into the ground Such drains shall terminate with an iron pipe so that the contents of the drain may fall directly into a receptacle or a Municipal drain or connected to sewer The drains thus constructed shall be to the satisfaction of the Corporation authorities

14 All such drains shall be so constructed as to discharge their contents in a proper manner.

(1) into a Municipal drain approved by the Commissioner for the purpose; or

( ) into a movable receptacle or bucket kept in the cistern constructed at the extremity of the drain as shown in the design

15 All drains emerging from any house building or enclosure and passing down the external surface of plinths or walls facing any public street shall consist of pipes or be covered with masonry

16 All drains for the removal of fluid from bath rooms cooking rooms, sculleries mills and factories shall be sufficiently large well laid and water tight to prevent their contents from overflowing stagnating or soaking into the foundation floor plinth or wall of any dwelling house and no such drain shall discharge into any street or into any drain or water channel except such as the Commissioner shall have notified as being set apart for the purpose

Dust Bins

17 No rubbish such as dust dirt dung ashes garden, kitchen and stable refuse or filth of any kind or any animal matter or any broken glass or earthern-ware or any other thing that is or may be a nuisance shall be deposited in any street drain or open space except in the Municipal dust bins

18 Tiles garden weepings branches of trees and thatch and night soil shall not be deposited in the Municipal bins

19 Every owner or occupier of any land house or building within the Municipal limits shall provide with a portable receptable for collecting dirt dust filth or other offensive or impervious matter in or about his premises and such portable receptacles shall be emptied to the Municipal dust-bins once in every twenty four hours and kept clean

19

20 If the occupier of any land, house, building or enclosure neglect to comply with all or any of the provisions of this bye-law he shall be liable on conviction before a magistrate to a fine which may amount to ten rupees for each offence

Public Latrines and Urinals

21 Any person easing himself either in the vicinity or outside or in any part of any public latrine other than in the trench made for the purpose shall be liable on conviction before any magistrate to a penalty not exceeding half a rupee for the first and one rupee for the second and two rupees for each succeeding offence

22 Any person easing himself either in the vicinity or out side or in any part of any of any public urinal other than in the spot made for the purpose shall be liable on conviction before a magistrate to a penalty not exceeding half a rupee for the first offence and one rupee for the second offence and two rupees for succeeding offence

23 Any person of one sex who shall wilfully intrude into any public latrine set apart for the use of the opposite sex shall be liable, on conviction before any magistrate to a penalty of Rs 5 for the first and Rs 10 for the second and each succeeding offence

24 No person shall use a public urinal for other than the purpose for which it is provided Any person infringing this bye law by using the same urinal as a latrine or otherwise defiling it shall be liable on conviction before a magistrate to a fine of half a rupee for the first and one rupee for the second and two rupees for each succeeding offence

ANNEXURE TO GOVERNMENT ORDER No. I 1068-70/C H 27-53-11
Dated 27th April 1953

BYE LAWS FRAMED BY THE CITY OF BANGALORE MUNICIPAL CORPORATION UNDER CLAUSE 34 of SECTION 367 read with SECTION 369 OF THE CITY OF BANGALORE MUNICIPAL CORPORATION ACT, 1949 (ACT NOLXIX OF 1949) FOR PROVIDING LATRINES, PRIVIES AND DRAINS IN PRIVATE HOUSES AND BUILDINGS AND USE OF PUBLIC LATRINES, URINALS AND DUST BINS etc IN THE CITY OF BANGALORE.

LATRINES, PRIVIES AND DRAINS

1 The provisions of this bye-law shall apply to latrines and or privies or drains belonging to or maintained for the use of any house, building or enclosure which is assessed in the Municipal books at an annual valuation of Rs.120/- and more

2 Every place other than a water-closet or bath room situated within any house, building or enclosure, and habitually used for the purpose of nature or for keeping human excreta shall be considered to be a latrine within the meaning of this bye-law.

3 Every latrine shall be in conformity with the Municipal standard design or of such other pattern and size as may be approved of by the Commissioner

4 Every latrine shall be placed in such a position as to permit easy access for the purpose of clearing

Provided that any existing latrine, which, in the opinion of the Commissioner, has been erected on sanitary lines or is capable of being made sanitary at a reasonable cost, shall not be required to be reconstructed in accordance with the standard design.

5 The floor of every latrine shall be made of cement or of stone slabs pointed with cement laid on a bed of concrete, three inches thick, and shall be so sloped, drained and constructed as to carry away the fluid with facility into the drain, without its being retained on its surface or soaked into the floor, ground, plinth or walls of the latrine

6 Every latrine shall be provided with a seat or platform so made as to compel the excreta to fall entirely into a suitable pan or receptacle of sufficient capacity placed beneath it

7. Every latrine shall be provided with a pan or receptacle made of iron or of such other material as may be approved of by the Commissioner and such receptacle shall not be cracked, broken, perforated

rotton or pervious to fluid.

8. In the case of servants' latrines, the floor shall not be lower than one foot and six inches above the ground level

9. In [illegible] latrines attached to dwelling houses, a separate receptacle shall be kept for the deposit of the excreta from bathrooms [illegible] receptacle shall be of sufficient capacity and made of such design and material as may be approved by the Commissioner, and it shall be provided with a properly fitting cover.

10. Occupiers shall be responsible that all movable receptacles for latrines are tarred, kept in good order and renewed when required.

11. The walls of every latrine shall be plastered on the inside with cement or otherwise rendered impervious to fluid to a height of two feet from the floor.

12. Every latrine shall be provided with a separate entrance if required by the Commissioner, for the entry of scavengers for the purpose of conservancy.

13. Every latrine shall be provided with a properly cemented drain sufficiently large, well laid and watertight to prevent its contents from over-flowing or stagnating or soaking into the ground. ANNEXURE TO GOVERNMENT ORDER NO. L Dated

BYE LAWS FRAMED BY THE CITY OF BANGALORE MUNICIPAL CORPORATION UNDER CLAUSE (8) OF SECTION 367 READ WITH SECTION 369 OF BANGALORE MUNICIPAL CORPORATION ACT, 1949 (ACT NO LXIX OF 1949), FOR THE CLEANSING OF LATRINES AND WATER CLOSETS IN THE CITY OF BANGALORE

1 The provisions of this bye-law shall apply to latrines or previes belonging to or maintained for the use of any house, building or enclosure which is assessed in the Municipal books at an annual valuation of Rs 120/- and more

2 Every latrine shall be situated in such a position as to permit of easy access for purposes of cleansing

3 The owner or occupier of any premises to which a latrine is attached, shall cause it to be thoroughly cleansed as often as may be necessary, and at least, once in every twenty four hours

4 (i) the owner or occupier of any premises to which a water-closet is attached shall provide such water closet with a cistern of adequate capacity for the purpose of flushing, and so constructed, fitted and placed as to admit of the proper supply of water for use in such water closet

(ii) He shall provide such water closet with a pan, basin or other receptacle of non absorbent material and of such shape, capacity and mode of construction as to receive and contain a sufficient quantity of water and to allow all filth which may from time to time be deposited in such pan basin or other receptacle, to fall free of the sides thereof and directly into the water received and contained in such pan, basin or other receptacle

(iii) He shall provide such water closet with suitable apparatus for the effectual application of water to the pan, basin or other receptacle with which such apparatus may be connected and used for the effectual flushing and cleansing of such pan, basin or other receptacle and for the prompt and effectual removal therefrom and from the trap connected therewith, of any solid or liquid filth which may from time to time be deposited therein

(iv) In the case of hard flush water closets commonly called flush out latrines, a vessel shall be kept in the closet and filled with water at all times and contents emptied into the pan as often as necessary.

5 The owner or occupier of any premises to which a latrine is attached shall not let or permit, or cause to be let, excreta or other offensive matter from such latrine into a public drain which is not intended for the conveyance of excreta or offensive matter

6 The owner or occupier of any premises to which a latrine is attached, shall, when required by the Commissioner, provide disinfectants and other accessories for the efficient cleansing of such latrine

7 The owner or occupier of any premises to which a latrine is attached shall cause every drain, or means of drainage upon, or in connection with such latrine, to be maintained at all times in good order and efficient action

8 No person shall intentionally or negligently spill any filth in the removal thereof, or omit to sweep and clean carefully every place in which any such filth has been spilled, or place or set down in any public place, any filth, whether in a vessel closed or open

9. Whoever commits a breach of any of the above bye-laws shall be punishable:-

1) with a fine which may extend to twenty rupees and, in case of continuing breach with fine which may extend to ten rupees for every day during which the breach continues after conviction for the first breach, or,

2) with fire which may extend to five rupees for every day during which the breach continues after receipt of notice from the commissioner to discontirue such breach.
